22 April 2021 Social Network Analysis (SNA) Yuval Millo Warwick Business School

Yuval Millo is Professor at Warwick Business School. He is a leading contributor to the field of social studies of finance (SSF). His research approach is inherently interdisciplinary, combining theoretical and methodological elements from accounting, finance, and sociology. His research seeks to understand the social and technological processes that underpin valuation. To do so, he examines empirically the development of valuation in different settings, among which are social impact, impairment of assets, securities analysts' practices, and algorithmic trading. He has published in journals, such as *Journal of Management Studies, Harvard Business Review, Accounting, Organizations and Society, American Journal of Sociology, European Accounting Review, The European Journal of Finance, British Journal of Management, and Economy and Society.*https://www.wbs.ac.uk/about/person/yuval-millo

20 May 2021 Ownership concentration and corporate environmental performance Tanusree Jain Trinity Business School

Tanusree Jain is an Assistant Professor in Ethical Business at Trinity Business School. Her research centers at the intersection of CSR and corporate governance. She assesses the antecedents of corporate stakeholder orientation, impacts of CSR regulations, and various aspects of diversity, such as women on boards. She is also interested in emerging country research, particularly India and the Middle East. She is a member of the AOM, SBE, EGOS, and IABS. Her PhD research received SBE Founder's Award for Emerging Scholar in Business Ethics in 2013. She has published in journals, such as *Journal of Business Ethics, Business & Society*, and *Corporate Governance: An International Review.* She is the co-founder of CSRintel (www.csrintel.com)- a knowledge initiative that guides corporate and public policy on CSR. https://www.tcd.ie/business/people/jain-tanusree.php

24 June 2021

TBA

Matthew Allen

Essex Business School, University of Essex

Matthew Allen is Professor of International Business and Strategy, and Head of the Management Science and Entrepreneurship Group within Essex Business School. His research compares and analyses business and employment systems and their effects on innovation, technology and work designs. His work has been published in leading comparative and international business journals, such as the British Journal of Management, Socio-Economic Review and the International Journal of Human Resource Management. He is on the editorial board of the International Journal of Human Resource Management. He has gained funding for his research from the German Academic Exchange Service, the Fritz Thyssen Foundation and the Engineering and Physical Sciences Research Council. In 2020, he gained funding from the Department for Business, Energy & Industrial Strategy for a prestigious Management Knowledge Transfer Partnership. https://www.essex.ac.uk/people/allen00004/matthew-allen
